History of Halloween

By:
Emma
Petro

As we all know, Halloween is on October 31st, but why? It started with the Ancient Gaelic festival of Samhain. This time marked the boundary between this world and the next one when the boundary is really thin and it is easy to connect with the dead on this day. This also marks the start of the season. In other cultures, a Jewish holiday Yom Kippur also usually occurs in October, and they say prayers for the dead. This is why Halloween is also named the spooky season

Trick Or Treating Safety!!!!

BY: JACK
SOLOMAN

- Plan costumes that are bright and reflective. Make sure that shoes fit well and that costumes are short enough to prevent tripping, entanglement or contact with flame.
- Consider adding reflective tape or striping to costumes and trick-or-treat bags for greater visibility.
- Because masks can limit or block eyesight, consider non-toxic makeup.
- If a sword, cane, or stick is a part of your child's costume, make sure it is not sharp or long. A child may be easily hurt by these accessories if he stumbles or trips.
