St. Patrick's Day

When: March 17

Where: Worldwide

What: St. Patrick's Day is an Irish holiday. St. Patrick's Day colors used to be blue. Chicago dyes the river green for a couple hours. The real St. Patrick wasn't really Irish. On St. Patrick's Day, if you don't wear green, you'll get pinched. So make sure you remember to wear green!!

Congratulations Cheerleaders!

3rd Place at ICCA State

The LJHS Cheerleading squad placed 3rd at ICCA State Competition. These girls had to qualify at other competitions in order to get into the state competition. The team had to get at least a 50% score to be able to go to state. 50% may not seem like much, but when you add up all the stunting, jumping, cheering, yelling, and dancing, cheer can be hard. In the two competitions that lead up to state, the team got 1st place and qualified at both.

Blonde jokes of 2019

Q: Why couldn't the blonde add $10 + 5$ on a calculator?

A: She couldn't find the "10" button.

A science teacher tells his class, "Oxygen is a must for breathing and life. It was discovered in 1773." A blonde student responds, "Thank God I was born after 1773! Otherwise I would have died without it."

Blonde: "What does IDK mean?"

Brunette: "I don't know."

Blonde: "OMG, *nobody* does!"

How do you confuse a blonde?

Put her in a circle and tell her to sit in the corner.

Why couldn't the blonde dial 911?

She couldn't find the eleven.

Why'd the blonde get fired from the M&M factory?

She kept throwing out all the W's.

Get yourself your own person! 🤪

Are you an appendix? You give me a funny feeling in my stomach that makes me wanna take you out.

I wanna live in your socks so I can be with you every step of the way.

Do you have a bandaid? I just scraped my knee falling for you.

My mom just told me she didn't know I had dimples until I had started talking about you.

If you hold 8 roses in front of a mirror, you'd see 9 of the most beautiful things in the world.

Your hand looks heavy, let me hold it for you.

People say not to stare at the hot sun, but you're hot and I stare at you all day.

Go out with me, please.

Change Your Mind

A Review by Jenny Martens

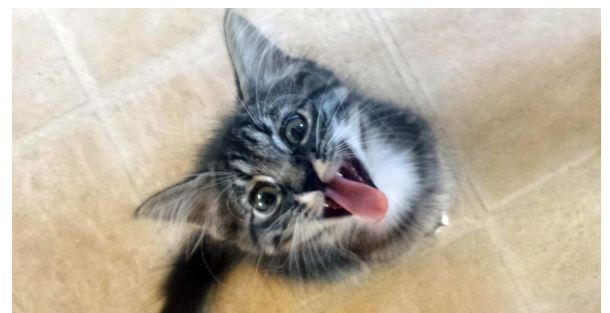

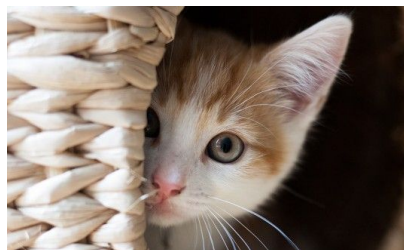

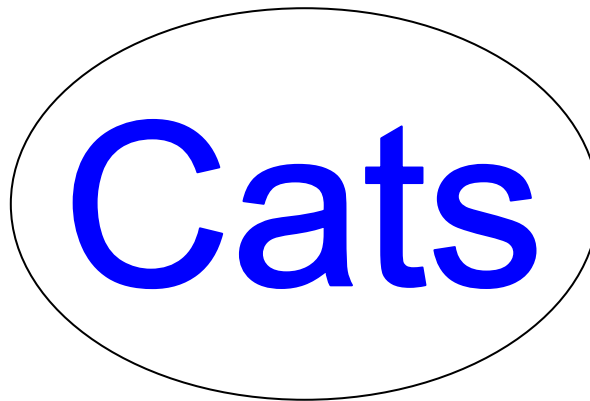

“Change Your Mind” was the season 5 finale of Steven Universe, and I have to say it is phenomenal. So much happened in this 44-minute special that I am just awestruck.

The episode showed so many new fusions fans have been longing for ever since we found out Steven could fuse. Rainbow 2.0, Sunstone, and Obsidian were all wonderful additions to the list of fusions.

I also got to see what happens when Steven's gem is pulled out. The scene where Steven and Pink Steven reunite was super fluid! I have to give major props to James Baxter, the animator for that scene.

Lastly, my favorite scene is when all of the corrupted gems get uncorrupted. All of the Nephrites were adorable! I was very happy to see Jasper again after 2 seasons. Overall, this episode was really awesome! I hope to see more in the future!

How to be Confident

Confidence is something a lot of people need, but too much of it can be bad. Everyone needs to find a medium between being insecure and being cocky. Having confidence is a big key in life. You want to date someone, you ask them out or you want a raise, you ask for a promotion. Stuff like this is important in life now or in the future.

Being confident all starts with you being comfortable with yourself. The mirror speech is one of the best ways to actually believe in yourself. If you hear things over and over again, you'll start to believe it. Start by pointing out your biggest insecurity and reversing how you feel; for example, instead of saying that you are stupid, say that you are smart. Make sure you say it in the mirror, so you really start to believe it about yourself. You can even make your mirror speeches super long or super short. As long as it works for you, it doesn't matter. Remember not to be cocky and to think before you speak, so you know that you aren't bragging or showing off.
